

Multiple Choice:

1. Which of the following..

Ans. **A. Carbon dioxide (CO₂)**

2. Which of the following..

Ans. **C. Solar power**

3. The process of converting..

Ans. **A. Recycling**

4. Which of the following is...

Ans. **D. Runoff from agricultural fields**

5. What is the primary cause...

Ans. **D. Chlorofluorocarbons (CFCs)**

6. Which of the following ...

Ans. **A. Vehicle exhaust emissions**

7. Which of the following...

Ans. **C. Methane (CH₄)**

8. Which of the following...

Ans. **B. Carbon dioxide (CO₂)**

9. What is the term used ...

Ans. **A. Global warming**

10. Which of the following...

Ans. **C. Natural gas**

11. What is the process by...

Ans. **A. Desertification**

12. Which of the following...

Ans. **D. Tobacco smoke**

13. What is the primary...

Ans. **D. Artisanal gold mining**

14. Which of the following ...

Ans. **C. Biomass**

15. What is the primary cause...

Ans. **D. Chlorofluorocarbons (CFCs)**

16. Which of the following is...

Ans. **D. Agricultural runoff**

17. Which of the following is...

Ans. **C. Geothermal energy**

18. Which of the following is...

Ans. **D. Platinum**

19. Which of the following...

Ans. **B. Carbon dioxide (CO₂)**

20. Which of the following is...

Ans. **A. Vehicle emissions**

21. What is the process by which...

Ans. **B. Eutrophication**

22. Which of the following ...

Ans. **B. The total amount of land and water area required to sustain a population's consumption and waste production**

23. Which of the following best...

Ans. **A. The depletion of common-pool resources due to the self-interest of individuals**

24. What is the term used ...

Ans. **A. Climate Change**

25. Which of the following is ...

Ans. **D. Unsustainable agricultural practices**

26. What is the main driver ...

Ans. **C. Commercial agriculture**

27. What is the primary cause...

Ans. **D. Increased carbon dioxide absorption by seawater**

28. Which of the following ...

Ans. **B. Nitrogen Oxides (NO_x)**

29. What is the term used to ...

Ans. **B. Composting**

30. What is the term used...

Ans. **A. Extinction**

31. Which of the following ...

Ans. **A. Crop Rotation**

32. What is the term used ...

Ans. **B. Immigration**

33. What is the term used...

Ans. **A. Biodiversity**

34. What is the term used ...

Ans. **A. Transpiration**

35. Which of the following...

Ans. **C. Timber**

36. What is the term used to...

Ans. **B. Stock**

37. Which of the following...

Ans. **C. A land area that is saturated or flooded for a significant part of the year**

38. What is the term used...

Ans. **C. Eutrophication**

39. What is the term used to...

Ans. **A. Biomagnification**

40. Which of the following...

Ans. **C. Loss of biodiversity**

41. Which of the following...

Ans. **D. Soil erosion from deforestation**

42. What is the primary objective...

Ans. **B. To minimize and mitigate environmental impacts**

43. Which of the following...

Ans. **D. Expert Judgement**

44. Which of the following is...

Ans. **D. Displacement of local communities**

45. What is the term used to ...

Ans. **D. Pre-project assessment**

46. Which of the following is...

Ans. **C. Preservation of biodiversity**
